

1967GTA.txt

1967 GTA Fastback, with a 390/C6 drive train. I have spent a lot of money and time putting this car back together. Car runs great and strong! Car is a true GTA w/marti report.

I am going to list all the new and used stuff (that I can remember) that it took to get this mustang back on the road. Please feel free to make resonable offer! This is an A code car with a motor /trans upgrade. Deluxe interior car with recovered seats, new carpet and headliner. Lots of fun to drive. Please read everything before calling, I dont have time to go over everthing on the list on the phone. Call Dan at 650-704-4765. Please no calls after 9pm.

This is a San Jose built car and it was shipped to a San Jose dealer when it was first sold.
